DIRECTIONS FOR USE: Use in bait stations only. Locate bait in dry location near runways and nesting sites away from children, pets and domestic animals. Maintain an uninterrupted supply of fresh bait for at least 10 days or longer if signs of rat activity continue.

BY LAW: This product must only be used as specified on the label.

WARNING: May cause damage to blood and hemotopoietic systems when ingested. Toxic to terrestrial vertebrates.

PRECAUTIONS: Avoid skin contact, wash hands and exposed skin before meals and after work. Do not eat, drink or smoke when using this product. Store in the original container lightly closed, away from foodstuffs, children and domestic animals. Prevent access from baits by children, pets or domestic animals. Do not lay baits where food or feed could be contaminated. Avoid contamination of any water supply with baits or empty containers. Bury any dead rats found. Bait containers and uneaten bait should be either buried in a suitable landfill or burnt if circumstances, especially wind direction, permit.

FIRST AID: If exposed or concerned: Call the National Poisons Centre Tel: 0800 POISON (0800 764 766)

A Safety Data Sheet is available at www.connovation.co.nz

CONDITIONS OF SALE: Connovation Ltd will not accept any responsibility for any consequential loss, injury or damage arising in connection with the supply or use of these goods other than the goods be of merchantisable quality at the time of sale. To the extent allowed by such statutes of liability of Connovation Ltd is limited to the replacement or refund of the goods at the price paid.
